

Season 02 - Week 02

Problem Statement

Rohan, a die-hard fan of IPL and the legendary Mahendra Singh Dhoni, can't get enough of his hero's stats. His older brother, Sundar, has reached the limits of patience with Rohan's relentless requests for MSD's cricket numbers. To finally put an end to this madness, Sundar is turning to automation for a grand gesture. That's where you come in!

You have to create an automation that:

- 1. Navigates to https://www.iplt20.com/teams/ website
- 2. Click on the "Chennai Super Kings" team.
- 3. Click on Mahendra Singh Dhoni's profile.
- 4. Extract the Batting and Fielding details and save it into an excel file.

Ensure the automation provides the correct and complete data, so that Sundar does not have to worry about his brother any more.

Sample Excel Output:

⊿ A	В	С	D	E	F	G	Н		J	K	L	M	N
1 YEAR	MAT	NO	RUNS	HS	AVG	BF	SR	100	50	45	6S	CT	ST
